

4 - 8 August, 2013, The Sage Gateshead, NewcastleGateshead, UK

The organizing committee of Behaviour 2013 - the joint meeting of the International Ethological Conference and the Association for the Study of Animal Behaviour - are pleased to invite submissions for symposia. Symposia may be in

any area of ethology, however we would particularly like to encourage submissions in the following areas:

- * Applied ethology and animal welfare
- * Animal learning and cognition
- * Behavioural ecology
- * Human ethology
- * Neuroethology
- * Primate cognition and behaviour
- * Robot models of animal behaviour

Symposia will last for 1 hour and 40 minutes and will comprise 5 x 20-minute talk slots. Proposals for double symposia will also be accepted.

For full details on how to submit a symposia, visit the website by clicking [here](#).

- * Registration open - Jan 2013
- * Earlybird deadline - 7th Apr 2013
