

The newly established Department of Livestock Population Genomics at the University Hohenheim (Head Prof. Dr. Martin Hasselmann) invites applications for a **Research Assistant position (TV-L E13)**

with 100% of the regular working hours (currently 39.8 hours per week), initially for the duration of 3 years with possible extension for at least 2 years after successful evaluation. We are seeking a highly motivated, team spirited and creative candidate who should have received a PhD/doctorate in the field of Genetics/Evolutionary Biology. A solid background in population genetics, evolutionary biology, bioinformatics and a variety of molecular techniques (e.g. protein expression, real-time PCR) is required. Experiences in the analyses of genomes and high-throughput sequencing data are essential. Participation in moderate teaching at Bachelor/Master level (4 Semester periods per week) is expected. The successful candidate should bring a strong interest to investigate organismic interaction with their abiotic and biotic environment at the molecular level in a stimulating scientific environment and well equipped research laboratories (see also [www.popgenomik.uni-hohenheim.de](http://www.popgenomik.uni-hohenheim.de) ). The University of Hohenheim is a modern university with a long tradition in the fields of agricultural and natural sciences. Research and teaching are characterized by internationality, innovation, multidisciplinary, and consistency subject to high scientific standards. Embedded in an attractive and green environment, the University Hohenheim combines the advantages of a small campus area with the close vicinity to Stuttgart as lively and cultural centre. The University of Hohenheim is an equal opportunity employer that tries to increase the number of women in research and teaching. Applications of disabled persons will be given preference if appropriately qualified. Please send your applications, including CV with list of publications, copies of degree certificates, detailed statement of research interest (1-2 pages) and names of two referees as one single pdf by email to Prof. Dr. M. Hasselmann, [martin.hasselmann@uni-hohenheim.de](mailto:martin.hasselmann@uni-hohenheim.de) . For more information, please contact Prof. Dr. M. Hasselmann by email or Telephone (+49 711 459 22481) The review of applications will begin by 01.10.2014 and late applications are considered until the position is filled.
