Start your scientific career in Berlin: We offer 15 fellowships!

The DFG Research Training Group 2046 â Parasite Infections: From Experimental Models to Natural Systemsâ One Healthâ One Healthâ One Healthâ One Healthâ

We aim to install a cutting edge curriculum to educate $\hat{a} \square next$ generation $\hat{a} \square next$ parasitologists. In an interdisciplinary approach, graduates will be trained in molecular approaches, cellular interactions and organismic studies on key parasites of model organisms, free-ranging animals and humans. RTG students will study different parasite infections from the biological, medical, and translational perspectives. The scientists are affiliated to well-known institutes, i.e. the Max Planck Institute for Infection Biology, the Max Planck Institute for Colloids and Interfaces, the Leibniz Institute for Zoo & Wildlife Research, and the Robert Koch Institute as well as institutes of the Humboldt-Universitaet zu Berlin, the Freie Universitaet Berlin and the Charité $\hat{a} \square 0$ Universitaetsmedizin Berlin.
