

Postdoctoral positions (DOÑANA BIOLOGICAL STATION (EBD-CSIC), SPAIN)

Bewerbungsfrist: 06.03.2015

Poll for Postdoctoral positions at Doñaana Biological Station (EBD-CSIC), Spain

Funded by the "Severo Ochoa" Excellence Program awarded by the Spanish Ministry of Economy and Competitiveness, the Doñaana Biological Station (< <http://www.ebd.csic.es/> >) seeks 5 Postdoctoral fellows for a one year contract with possibilities to be extended to the end of the project (June 30th, 2017) with the aim to conduct research

in one of the following research lines:

Conservation biology
Biological invasions
Ecological synthesis
Molecular ecology
Evolutionary ecology
Plant-animal interactions
Wetland ecology

Applicants should have a Ph.D., a high publication record, and excellent writing and oral communication skills.

Starting date: Summer 2015

Salary: 39,000 EUR approx. per yr. before taxes

Interested candidates should send the following documents: 1) Curriculum vitae, 2) cover letter with a description of research accomplishments and statement of overall scientific goals and interests (approximately 1000 words), 3) indication of the researchers at EBD with whom you have professional affinities, and 4) contact information for three references. All documentation in one pdf should be sent to rosa@ebd.csic.es or Fax: 34 954621125.

The specific job positions will be announced in due course at <http://www.ebd.csic.es>

Deadline for interested applicants: March 6th, 2015

On behalf of the Steering Committee JJ Negro, Director and PI of the Severo Ochoa Project
