

The JFB-Institute of Zoology and Anthropology at Georg August University Göttingen is offering a Postdoc position in the Animal Ecology Group

The position will be limited to 3 years with the possibility for prolongation for another 3 years and will be filled as soon as possible.

Salary: Pay grade 100% TV-L 13 of German state regulated public service salary scale.

Your duties

• Establishing an independent research group focusing on ecological and evolutionary consequences of intraspecific genetic variation in soil animal species (e.g. protists, nematodes, microarthropods).

• Contribution to teaching animal ecology in German and English at the BSc and MSc level including BSc practical in soil ecology (4 contact hours).

• Initiate new research projects and supervise BSc, MSc and PhD candidates.

• Development of own research ideas and further qualification (habilitation).

Your profile

• PhD in zoology, ecology or evolution.

• Research focus on invertebrates and strong interest in evolutionary processes in soil animal species.

• Knowledge in statistics and advanced skills in data analysis using R.

The University of Göttingen is an equal opportunities employer and places particular emphasis on fostering career opportunities for women. Qualified women are therefore strongly encouraged to apply as they are under-represented in this field. Disabled persons with equivalent aptitude will be favoured.

Please send your application in electronic form by April 01, 2015 to Prof. Dr. Stefan Scheu, JFB Institute of Zoology and Anthropology, Georg August University Göttingen, Berliner Str. 28, 37073 Göttingen, Tel. 0551 / 39-5445, E-Mail sscheu@gwdg.de

If you have any questions please contact Prof. Dr. Stefan Scheu at sscheu@gwdg.de
